EDUCATION

University of Missouri *Anticipated Graduation: Dec 2026*

B.S. in Information Technology | Certificates: Cybersecurity, Web & Mobile App Development, Information Systems & Technology, Media Technology & Design **GPA: 3.1**

Saint Louis Community College (STLCC) *May 2023*

A.A. in General Transfer Studies

WORK EXPERIENCE

Software Development Intern - VictoryXR - Davenport, IA (Remote) *June 2025 - Aug 2025*

- Edited Unity prefabs and integrated AI tools for lesson planning and image generation in VR/AR educational environments
- Applied C#, Unity, and generative AI to support immersive, spatial computing-based curriculum development

IT Student Assistant - Missouri Research and Education Network (MOREnet) - Columbia, MO *Jan 2025 - Present*

- Delivered remote help desk support for member institutions across Missouri, handling account setup, network configuration troubleshooting, and device connectivity issues while independently managing own schedule - strengthening cross-functional communication and self-directed problem-solving
- Resolved a diverse volume of technical inquiries with consistent quality, building client-facing communication and documentation skills across a wide user base

IT Intern – Applications & Infrastructure - ARCO Business Services - Clayton, MO *June 2022 - Aug 2022*

- Managed employee data to ensure 100% integrity; configured and imaged workstations for deployment
- Developed practical knowledge of computer hardware and infrastructure; unlocked accounts and transferred configurations across devices

PROJECTS

Home Lab Infrastructure - Proxmox VE / OPNsense / Enterprise Networking

- Architected and deployed a self-hosted virtualization environment on Proxmox VE, provisioning 8+ LXCs/VMs (Jellyfin, Immich, Tailscale, Proxmox Backup Server, AdGuard, Omada Controller) with segmented static IP addressing
- Deployed and configured OPNsense as a virtualized firewall/router in a double-NAT(NAT/PAT) topology, implementing WAN pass rules, VLAN segmentation (802.1Q trunking), and DHCP/DNS integration across a multi-VLAN network
- Configured Tailscale for secure remote-access VPN connectivity across the homelab environment
- Built and administered an enterprise-grade SDN environment using TP-Link Omada (router, managed switch, PoE AP), including trunk/access port configuration and controller-based device adoption
- Diagnosed and resolved complex networking issues spanning VLAN tagging, bridge configuration, and firewall rule ordering, using packet capture (tcpdump) and systematic root-cause isolation

TaskMaster - MongoDB / Express / React / Node.js Application

- Built a full-stack productivity app using React, Node.js/Express, and MongoDB with RESTful API design and separated routes, controllers, and data models
- Secured the application with JWT authentication and bcrypt password hashing, with protected endpoints and token persistence

TECHNICAL SKILLS

Programming: Python, C#, JavaScript, Excel VBA

Web Development: HTML/CSS, JavaScript, Node.js, Flask, React, Docker, GitHub, VS Code

Networking & Cybersecurity: OPNsense, VLAN Segmentation (802.1Q Trunking), SDN (TP-Link Omada), Proxmox VE (Virtualization), Cisco Packet Tracer, Wireshark, Linux CLI, WAN/LAN config, Cisco CLI, RJ45, Subnetting/VLSM, NAT/PAT, Routing Fundamentals (OSPF, EIGRP — Packet Tracer/lab environment)

Tools & Platforms: ServiceNow, Salesforce, Cisco Finesse, Procore, Asana, MOREnet EagleEye/ZoneFu

Spatial Computing & Media: Unity, VR/AR Design, Adobe Creative Cloud (Illustrator, Photoshop, Premiere Pro, After Effects, Audition)

CERTIFICATIONS, CREDENTIALS & HONORS

High Dean's List *Fall 2024 - Present*

Mizzou Certificates: CyberSec, IS&T, Web & Mobile App Dev, Media Tech & Design *Fall 2024 - Fall 2026*

Center of Excellence: AI-Empowered Spatial Computing Microcredential (UMKC) *May 2025*

Mizzou Space Program: Level One Certified - Tripoli Rocketry Association *Mar 2024*

Procore Certified: Administrator, Project Manager (Core Tools, Financial Mgmt, Quality & Safety) *June 2022*

St. Louis Internship Program Alum *May 2022-Present*

LEADERSHIP & EXTRACURRICULARS

Mizzou Campus Revival Fellowship - Shepherd Leader (Media/Technology) *Fall 2025 - Present*

National Society of Black Engineers - Public Relations Chair *Fall 2025 - Spring 2026*

Center of Excellence: AI-Empowered Spatial Computing Program (UMKC Collab) *Spring 2025*
